

**LUNDS UNIVERSITET**  
Lunds Tekniska Högskola

*Course syllabus*

## **Dokumentation och kommunikation** **Documentation and Communication**

### **AAHF35, 3 credits, G2 (First Cycle)**

**Valid for:** 2023/24

**Faculty:** Faculty of Engineering, LTH

**Decided by:** PLED A

**Date of Decision:** 2023-03-28

### **General Information**

**Main field:** Architecture.

**Compulsory for:** A3

**Language of instruction:** The course will be given in Swedish

### **Aim**

The course aims to train the student's ability to document and communicate the student's own architectural project in a critical, reflective and evaluative way.

### **Learning outcomes**

#### *Knowledge and understanding*

For a passing grade the student must

through a written report demonstrate knowledge of the prerequisites, visual and written presentation as well as spatial and functional impact of an architectural project.

#### *Competences and skills*

For a passing grade the student must

show the ability identify, analyse and critically relate to contexts and background knowledge relevant to an architectural project;

show the ability in a report on an architecture project to document and communicate the project's background, contexts and process, as well as architectural choices and qualities;

show the ability to, verbally and in a dialog with critics, discuss the background, question of inquiry, ideas, knowledge and arguments of an architectural project.

### *Judgement and approach*

For a passing grade the student must

show the ability to to critically and constructively examine, discuss and evaluate another students' architectural report regarding its questions of inquiry, content and presentation.

## **Contents**

The student's ability to document and communicate their own architectural project is trained through workshops, seminars and supervision. The project is compiled in a report which is discussed at the examination.

## **Examination details**

**Grading scale:** UG - (U,G) - (Fail, Pass)

**Assessment:** Completed study assignments, active participation in the scheduled activities (at least 80% attendance) and approved opposition of another student's report.

The examiner, in consultation with Disability Support Services, may deviate from the regular form of examination in order to provide a permanently disabled student with a form of examination equivalent to that of a student without a disability.

## **Admission**

**Admission requirements:**

- Passed courses within the program of architecture comprising at least 130 credits
- AADA15 Digital Tools 4
- AADA01 Digital Tools 1
- AADA05 Digital Tools 2
- AADA10 Digital Tools 3
- AAHF10 Sustainable Architectural Design or ASBF05 The Fundamentals of Urban Design
- ABKA01 Energy and Building Services
- VBKA05 Architectural Design
- VBMA10 Building Technology and Building Physics
- VBMA05 Building Materials

**The number of participants is limited to:** No

## **Reading list**

- Spector, Tom & Damron, Rebecca L.: How Architects Write. Routledge, 2012, ISBN: 9780415891073.
