Contents

The course consists of components intended to reinforce and develop the student's Swedish proficiency. In addition to the skills training, the typical traits of Swedish grammar and phonetics are presented. The course also provides further knowledge of Swedish life and institutions. The students extend their vocabulary through reading and their listening comprehension is practised through recorded radio and television programmes. Texts are studied to extend the student's general range of words and phrases. The student's ability to discuss, engage in conversations and make short presentations is trained and pronunciation and grammar exercises are assisted by computer-based language programs. Written proficiency is practised through different written assignments.

Examination details

Grading scale: TH - (U,3,4,5) - (Fail, Three, Four, Five)

Assessment: The assessment is based on a written and an oral exam at the end of the course.

The examiner, in consultation with Disability Support Services, may deviate from the regular form of examination in order to provide a permanently disabled student with a form of examination equivalent to that of a student without a disability.
