

Course syllabus

Projekt i matematik Project in Mathematics

FMAN35, 3 credits, A (Second Cycle)

Valid for: 2023/24 Faculty: Faculty of Engineering, LTH Decided by: PLED F/Pi Date of Decision: 2023-04-18

General Information

Elective for: D4, E4, F4, Pi4 **Language of instruction:** The course will be given in English on demand

Aim

The aim of the course is to give the engineering student who is interested in mathematics the opportunity to independently extend his or her knowledge of mathematics as well as to give practice in written and oral communication.

Learning outcomes

Knowledge and understanding For a passing grade the student must

• be able to account for the mathematics within the chosen project in detail.

Competences and skills For a passing grade the student must

be able to reasonably independently, through literature

- be able to reasonably independently, through literature study, acquire new mathematical knowledge at a level corresponding to advanced courses at LTH.
- be able to account for the results of a mathematical study through a written report.

Contents

• A continuation in the form of a small project of one of the advanced courses in mathematics, for example FMAN55 Applied Mathematics, FMAN70 Matrix

Examination details

Grading scale: UG - (U,G) - (Fail, Pass)

Assessment: Approved project report and oral presentation, singly or in pair. Acting as opponent on another report .

The examiner, in consultation with Disability Support Services, may deviate from the regular form of examination in order to provide a permanently disabled student with a form of examination equivalent to that of a student without a disability.

Admission

Admission requirements:

• Participation in one of the courses FMAN15, FMAN25, FMAN55, FMAN70 or FMAN71.

Assumed prior knowledge: Depending on the choice of subject. The number of participants is limited to: No The course overlaps following course/s: FMA125, FMA145, FMA023

Reading list

• Depending on the subject of the project. Will be provided by the department, possibly as a loan.
