AN OUTLINE OF SCANDINAVIAN ARCHITECTURE ABF110

An Outline of Scandinavian Architecture

Poäng: 2.0 **Betygskala:** UG. **Valfri för:** A3. **Kursansvarig:** Universitetsadjunkt Tomas Tägil. **Förkunskapskrav:** Två års arkitektutbildning. **Prestationsbedömning:** 80% närvaro vid undervisningstillfällena, godkänd seminarieuppgift/tentamen. **Övrigt:** Kursen ges primärt för arkitektutbildningens internationella utbytestudenter.

Mål:

The aim of the course is to give an overview of the development of architecture in the Scandinavian Countries from the Middle Ages until today. Descriptions will be followed by references to the historical, cultural and socio-economical background as well.

Innehåll:

The course includes not only lectures but also seminars and excursions. In this way, it is hoped to achieve an active participation of the students, with comments, discussions and exchange of views. Working language will be English as the course is organized for the foreign students.

Litteratur:

Christian Norberg-Schultz: Nightlands, MIT Press.
